CAPITALISTS ARE EXPECTED HERE SOON ON A VISIT

Advices reaching The Nugget from New York City are to the effect that the ambitious plans of the Western Mines Consolidated involving the four mile drain tunnel project from the Champion property eastward to the Banner Mountain group of mines owned by the company, are progressing favorably and a group of capitalists are expected here within the next thirty days to make an inspection of the project.

Kirby Thomas, eminent New York mining engineer, became interested in the project the past year and has been interesting capital. The scheme has been conducted on a stock selling basis for some years past by Charles Dow, who it is understood is to have no further connection except as a stockholder. Many thousand dollars are said to have been raised by the sale of stock.

The Banner Mountain mine interests last year brought suit against the Western Mines officials to foreclose a mortgage given by Dow in the amount of $55,000 and the property was turned over by court action to A. R. Archibald and the New England interests, who have been holding the property pending the year redemption privilege. It is understood that the amount necessary to redeem the property and return it to the Western Mines company will be advanced by the new interests affiliated with Mr. Thomas.

The drain tunnel plan has been the dream of this district for many years as the opening wedge to open up the vast mineral resources in the rich Nevada Basin lying just to the south of Nevada City. Its consummation will put Nevada City on the mining map again as no other single mining venture could do.

HAROLD BUCKNER DIES RESULT OF ACCIDENT

Lieut. Harold Buckner son of Rev. and Mrs. H. H. Buckner received fatal injuries when his air mail plane crashed near Cove, Oregon, Friday. The crash was heard by trappers in a nearby cabin and he was rescued from the cockpit of his plane but died at the cabin before medical succor could be procured.

Mrs. Buckner left Nevada City for Boise, Idaho yesterday to join the bereaved widow. Funeral arrangements have not been made.

The young man who was born in Siskiyou county and was a lieutenant in the Officers' Reserve and had been an instructor in the summer training camps.

THREE PROPERTY SALES DURING PAST WEEK

Dr. Robert Werner has purchased the business property or office of the late Dr. C. L. Muller on Broad Street and will remodel the front. The rear portion will fitted up as a physic-therapy labratory, X-ral and surgery room for performance of emergency operations.

R. E. Harris, Nevada City druggist, has purchased the residence property of the late C. H. Mallen on upper Nevada street.

Lucille M. Beer has purchased a tract of land about 10 miles east of Nevada City from H. G. Smeeland. It is partly covered with timber.

Mr. and Mrs. Alfred Martin left today for San Francisco on the first leg of their trip to Honolulu to send two months visiting their son Joseph and taking in the sights on the Islands. They sail on the liner Manoa Wednesday from San Francisco.

The net profits of the recent ball given by the firemen will be around $700.

George L. Jones, Masonic installing officer, and Thomas M. Harris went to Auburn Friday evening and attended the installation of six Placer county lodges.

Miss Catherine Jaynes returned to U. C. Berkeley to resume her studies after a visit here with her mother, Mrs. L. B. Jaynes.

SEAWELL INTRODUCES A BILL FOR PLACER MINING

Assmblyman Jerry Seawell true to his promise to aid the mining industry, on Thursday introdued in the state assembly at Sacramento, similar in wording and intent to the Cloudman bill which was defeated by only one vote two years ago.

The bill is intended to make possible the resumption of placer mining by hydraulic method behind restraining dams in the Yuba and other rivers. Assemblyman Seawell will give the measure strong backing in its trip through the assembly. With Cassidy as chairman of the mines and mining committee in the senate, the bill should have a little easier headway than in the pervious session.

PIERCE BONDS MEADOW LAKE MINE PROPERTY

R. E. Pierce of San Francisco has bonded mining properties in the Meadow Lake Mining District from Mr. and Mrs. H. D. Ramsay. There are seven Eagle claims; Free Milling, Mother Lode, Falson and White Quartz claims on the south slope of Old Man Mountain, listed in the papers which have been placed on record. The purchase price mentioned in the transfer is $100,000. There has ben quite a bit of prospecting activity in the Meadow Lake district the past year. As soon as suitable milling process is installed to handle the rebellious ores of that district it should develop some good producers.

EDDY HEADS NATIVE SONS FOR COMING YEAR

R. A. Eddy has been selected to head Hydraulic Parlor of Native Sonss for the coming year, the installation ceremonies being held Tuesday night. Miles D. Coughlin acting as district reputy, presided as installing officer. Other officers are Albert Craig, senior past president, Sam Polglase, junior past president, Herbert S. Hallett, first vice president, Muller Chapman, second vice president, J. J. Jackson, third vice president, A. Craig, trustee, B. A. Bost, inside sentinel, E. J. Baker, outside sentinel.

NID SUIT WILL BE HEARD JANUARY 31

The suit brought by Herman Oest to restarin the issuance of further bonds by the officials of the irrigation district will be heard n superior court on January 31st. An outside judge will doubtless be brought in to hear the case.

Reports from San Francisco are to the effect that the amended contract between the irrigation district and the Pacific Gas Company is proceeding satisfactorily and to be signed in a few days. It is expected that the increased revenue will help the district somewhat in its financial dilemma.

W. J. Seymour of Alleghany came down on the Citizens Auto Stage Friday.

E. A. Abadie, mining man, has returned to Nevada City after a trip to Plumas county.

Mr. and Mrs. R. A. Barnes have had as guests, Mr. and Mrs. F. L. Merriam of San Francisco. Mr. Merriam spent some time prospecting and believes he has located a good likely prospect. He plans to develop it when he returns on another visit.

Herbert Paine, of Paine Bros. mine near Lake City, was in Nevada City Monday.

John Sawbridge and J. E. Hearren, mining men of Yakima, Washington, spent a short time here at the Mohawk mine, in which they are interested.

Mrs. Lila M. Austin, county superintendent of schools, attended the funeral of Paul Ehmann, postmaster of Spenceville.

NEARLY ELEVEN MILLION GOLD IN 1928 NEVADA SIERRA, YUBA COUNTIES, 1-2

(Nugget News Service)

WASHINGTON, D. C., January 21—The estimated value of the gold, silver, copper and lead produced in California in 1928 was $15,470,000 acoording to estimatss of the United States Burea uof Mines, Department of Commerce.

The gold production in 1928 is estimated at 524,000 fine ounces, valued at $10,838,000, as compared with 564,586 ounces, valued at $11,-671,018 in 1927, a decrease of 7% from 1927. The yield of gold from dredges decreased but new operation in the dredging fields helped to prevent a larger decline. The production of gold from lode mines was maintained at a favorable rate, as compared with 1927, due to intensive developemnt at the larger gold lode mines.

In Sierra County the Original Sixteen to One mine was again the largest producer. Mining activitiy in Nevada County, aside from that at the Empire, Idaho Maryland and North Star, was evident, and encouraging results were reported from development the lower levels of these dep mines, on the 7000 in the Empire and below the 8650 in the North Star. The Rescue Eula Mining Company prepared for underground mining at the Gaston mine, idle for about ten years, and the Yellow Tiger Consolidated was laying plans for consistent production from the

(Nugget News Service)

SAN FRANCISCO, Jan. 21—The total value of the production of gold in California for the year 1928, just closed, is conservatively estimated by the statistical division of the State Division of Mines and Mining under the direction of Walter W. Bradley, state mineralogist, to have been approximately $10,840,000, of which amount around half was produced in the quartz and placer mines of Nevada and Sierra counties and the gold dredgers in Yuba county.

The receipts of bullion at the mint and smelters show a decrease in gold yield of about $800,000 over the previous year, largely chargeable to les production by the dredgers. The production of silver for the past year totallied 1,504,000 fine ounces having a value of $880,-000. Copper produced was valued at $3,650,000 and $102,000 worth of lead. Quicksilver production was $922,500 and the other metals including iron, manganese, platinum, titanium, tungsten and zinc totalled $375,000.

Ancho property. The taking over of the German Bar property by the Sunnyside interests presages important development at that property. Other prominent mines in the county were the Boundary, Golden Center, Kennebec, Murchie, Twin Sister and Western Merger.

A NIGHT IN DREAMLAND, IS A FINE ENTERTAINMENT DIRECTOR WELLINGTON HAS LARGE CAST THURSDAY

The stage of the Strand theatre in Grass Valley, and the stage of the Nevada theatre in Nevada City are being converted into a flower garden for the presentation of the community pageant "A Night in Dreamland" on Wednesday and Thursday nights of this week with a local cast numbering over 300 adults and children, presented under the auspices of the Episcopal church.

A staff of decorators are assisting Director Wellington in decorating the two theatres for the presentation of this brilliant affair, car loads of trees and natural foliage, thousands of pink and white chrysanthemums, American Beauty roses, and other plants are being uesd in the decoration, the setting for the Garden Party scene will extend out to the first rows of seats in each theatre to accomodate the great number of people appearing in this scene, the production promises to prove one of the most brilliant social affairs on this season's calander of social activities, society in the two communities have responded with great interest, the leading soloists of this part of the County have been assigned the various roles in the production ,every church, fraternal order, club, the public schools, and every group of people are represented in the great cast, making the production a project of real community life with such an effort.

Mrs. Sidney Talbot will be the Hostess of the Garden Party scene in Nevada City, and Mrs. Arthur Foote will appear in this leading role in the Grass Valley presentation of the pageant, these ladies will read the number, "A Girl, A Boy and Moonlight" with a singing chorus of 70 voices. Mrs. Talbot will be a soloist in the final scene, singing—"T'Was In The Time of Roses" and Mrs. Foote's voice will be heard in a leading soprano role entitled "In My Palace of Dreams".

Another prominent soloist will be Mrs. G. C. Celio, who will appear in the Garden of Venus scene singing "Rosebud" with a group of 20 posing models. A number of oriental color and effect is in Part Three of the production entitled, "I Want To Go To Tokio", the soloist for this numebr will be Mrs. Charles Elliott, who with a dancing group of Japanese maidens will present one of the big hits of the show. Mrs. Elliott will also appear in a prominent dancing act in the production.

Decia Delrai will appear in one of the leading character roles in the Movie Act, Part Three of the production, also as one of the Dancing Brides and in a talking song entitled, "Bring Me Back My Lov'in Hon eyBoy".

Mrs. Ruth W. Rector will open the Dream Garden scene with the solo entitled "In The Garden of Dreams" with a chorus of nearly a hundred voices. Mrs. Rector will also appear in a leading character role in the Movie Act.

The reserved seat chart for the Strand theatre production will open at the box office of the Strand theatre, Grass Valley, on Tuesday morning at nine o'clock, and reserved seats for the Nevada City representation of the pageant will go on sale at Foley's confectionery on Wednesday morning at 9 o'clock, in each case purchasers of advance tickets will have first choice of the reserved seats, there has been a great demand for tickets, and it is calculated that all seats will be sold long before the curtain rises sold long before the cyrtain rises on the first scene of the pageant, every one seems to know about the pageant, everyone seems to be going, to make sure of having a good seat, it will be well to be in line when the charts open.

The accompanists for the production will be Mrs. Rita Beloud who will accompany all musical numbers in Part Two and Three, and Mrs. Rosetta Johns who will be accompanist for Part One, the Children's Slumberland scene.

As the aisles of the theatre will be used for the opening scene, patrons are urged to be seated by 8:10 o'clock, the curtain will rise promptly at 8:15. No one can be seated during the opening scene.

CAMPTONVILLE HAS SOME MINING GOING ON

CAMPTONVILLE, Jan. 19, (Special to The Nugget)— Lack of storm keeps the placer mining at a standstill in this section. The Joubert mine is awaiting the necessary water, and F. W. Camp, Superintendent of Indian Hill mine is getting everything in readiness for the running season. He will increase his crew as soon as the water comes and he can start piping. He still has 3000 pounds of powder yet to take to th eproperty; otherwise the supplies are on hand for hte work.

Henry Rabe and Levi W. Turner are working on their property at Weeds Point, and will be ready to run some gravel as soon as they have water.

Development work on the Honey Comb has been temporary suspended; work will probably be resumed within a short time.

The Halkyard mine, under B. F. McNaught is going ahead nicely, a large amount of development work and improvements have been done during the past year. They are working for the channel which runs through that section and much success is wished them.

Joseph Halkyard left Thursday for Pike City where he will do the claim belonging to Mrs. M. J. Cunassessment work on the Bedrock ningham.

The Garden Valley dredger is still under repair; Lee Bullington local carpenter, has charge of the work, and it is hoped that within a short time the machine will be ready to start. There is still some very good ground to be worked.

Charles Bennetts and John Fox motored to Downieville Sunday and spent the day.

Tom Morrow, foreman of the Ancho mine, near Graniteville, spent the wek end in Nevada City.

Misses Irma McCormack and Dearestine Daniels, teachers in the Roseville schools, spent the week end here with relatives.

Mrs. Frank Guenther, who was recently operated upon for appendicitis, at the Nevada City Sanitarium, returned to her home Saturday.

Mr. and Mrs. Bolton of the Novelty Store, spent a few days in San Francisco on business.

ANCHO MAKING GOOD SHOWING SHORT POWER

Due to shortage of power, operations at the Ancho mnie have been somewhat curtailed the past several weeks. However a crew of approximately ten men has been employed steadily and development of the mine has advanced as rapidly as conditoins would permit.

A raise is being driven from the main tunnel level ot connect with the No. 1 tunnel above to improve ventilation and to facilitate handling of timbers for stoping operations in the adjacent area. The main drift is being driven ahead on the vein and continues to disclose additional or ereserves. A crosscut is being run to pick up the intersection of the Ancho vein with a transverse vein and indications are that a body of ore will be found at the intersection. The mine is in good condition to produce steeadily as soon as adequate power for operation of the entire plant is available.

Precipitation has been below normal to date but it is hoped that rains and snows will shortly raise the flow of the streams to the point where full tmie operations will be in order. Several months of adequate power supply sem certain and it is expected that this period will demonstrate the now apparent possibilities of the Ancho as a producer.

The one great drawback of the Eastern ming belt of Nevada county and neighboring counties has been a lack of adequate power. The available water of the section is only sufficient in most cases during the annual runoff and the mines need steady power supply to make them productive and dividend payers. The important water rights have been acquired by large corporate interests and diverted elsewhere and while there is without doubt a surplus of power being generated from this water, its delivery to the individual mine miles distant from the power house, is in general beyond the meahs of tne average mine owner, and indeed not warrantde by the showing of the property in its usual undeveloped state.

However, the fact remains that the Eastern section is alive with mining posibilities and powre is the one needed commodty to bring it to active life.

MASONIC OFFICERS ARE INSTALLED BY DEPUTIES

In a colorful joint installation ceremony held at the temple Wednesday evening ,the officers of Nevada and Madison Lodge and Nevada and Grass Valley Chapters were installed by Inspector W. J. Merrifield for the blue lodge and Deputy Grand Lecturer A. A Willoughby for the Grand Chapter. Mr. Merrifield was assisted by Past Master W. E. Meservey and Past High Priest Thomas M. Harris assisted in the installing of the chapter officers. A banquet preceded the festivities at which nearly a hundred sat down.

The officers installed for Nevada Lodge were: John W. Darke, Worshipful Master. E. P. Gleason, Senior Warden; William Gracey, Junior Warden; Benj. Hall, Treasurer; Jos. F. Stenger, Secretary; Carey S. Arbogast, Senor Deacon; C. E. Pedersen, Junior Deacon; Gilbert J. Davis, Marshal; F. J. Foley, Senior Steward; R. Williamson, Junior Steward; L. W. Jennings, Tyler; W. E. Meservey, Chaplain.

W. E. Meservey was installed as High Priest of Nevada Chapter for the 18th time and his staff of officers have long been workers in the cause of Capitular Masonry.

Chapter installations held at Auburn and Colfax the past week have kept things on the qui vive at this office but it is expected that things will resume their wonted mien this week.

Dr. John R. Ivey received a bad fall in the mountains near North Bloomfield last Sunday, while he was doing some prospecting.

Miss Lillian Netz, who was recently operated upon for appendicitis at the Nevada City Sanitarium is making a fine recovery.

COZY CORNER CHAT

EVERY DAY BRINGS increasing evidenc of the regeneration of the gold mining industry. Every mail brings letters to The Nugget confirming this fact and asking for information on properties in Nevada and Sierra counties. This office is fast becoming known the country over for its outspoken views on gold mining and for its large fund of information on mining properties in these two counties, gathered at considerable expense and taking no little time. This office is proving a valuable adjunct to Nevada City's aspirations for future greatness as the world center of gold mining activities.. Mr. Business Man, you can well afford to tie in to this office with your advertising and your job printing and help this paper with its ambitious program of advertising Nevada City.

ONE OF NEVADA CITY'S business firms that The Nugget is always glad to say a good word for is the Alpha Hardware and Supply Company. This progressive company always alert to promote the community's interests has never missed an issue of this paper with an advertisement. Even when the store was a mass of ruins the ad was ordered continued just the same. A town is fortunate to have a store and business conducted by such public spirited citizens. Mr Fred F. Cassidy as president of the company is a firm believer in Nevada City having her own newspaper. He has been very generous with his job printing orders, too. Such men as he make the newspaper publishers' task a little more joyful in any town. Such a spirit makes a town grow and prosper. There are others in Nevada City whom we are going to mention from time to time. The business men who are patronizing their home town newspaper are the ones who are putting their town on the map. They are entitled to your support.

SEVERAL LARGE MINING DEALS at present in the process of being consummated give evidence that this district is coming back into its own and that we may confidently look forward to seeing Nevada City as the preeminent gold mining center of California and of the world. Watch us go! AAW

PERSONAL MENTION

DON'T suffer headaches, or any of those pains that Bayer Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for *Bayer*. And don't take any but the box that says Bayer, with the word *genuine* printed in red:

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

The will of Gustave J. Schmidt has ben filed for probate by E. W. Schmidt as executor. F. T. Nilon appears at attorney for petitioner.

Miss Irma Salomon, daughter of Dr. Salomon of San Francisco, spent last week end with Mrs. George E. Scarfe. This was her first visit to a mining town and she was greatly pleased with it. Come again Miss Salomon.

Mr. and Mrs. F. F. Breese spent the holidays visiting their daughters in San Francisco.

Judge George H. Thompson of Placerville presided in the superior court at Nevada City Thursday.

There's peace in the household guarded by Castoria. Peaceful sleep for Baby. Uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.

Parents, don't try to do without good old Castoria! It isn't fair to the baby, and it makes things hard for you. You can't give Baby medicine meant for grown-ups—or shouldn't! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. *Castoria is purely vegetable.* Give it whenever there's constipation, colic, diarrhea.

No less than five million modern mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today—don't wait for some night when it's needed, and the drug store is closed!

Children Cry for CASTORIA

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sour gas and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich food has brought on the least discomfort, try—

PHILLIPS Milk of Magnesia

WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE

A physician watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly.

Do not let a day go by without a bowel movement. Do not sit and hope but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

BOWLING STARTS OFF FINE SHAPE AT ELKS

The socend round of the Elks bowling tournament started off in fine shape the past week. The Kopps, Celios and Scheemers each started off with three points to the good while the Goynes, Richards and Nickless outfits had to be content with a point each. The committee has balanced up the teams in excellent shape on paper and this round should see some excellent work as the new bowlers get their eye on the head pin and keep the ball out of the gutter.

High total score for the first week's play goes to the Kopp aggregation which boasts Jackson as one of its members, with 22208. Second place goe to the Celios with 2098 and third to the Richards with 2026.

Only one bowler got into the select class when Hegarty broke a 203 in his second game. Pierce climbed up into second place with some of the most consistent work seen on the alleys this season. Bigelow celebrated his return to the game by rolling a 182 for his opener and annexing a total of 491 for his three games. The Nugget publisher by virtue of being out of town did not have the pleasure of dropping in his average as did some of the other high markers of the first round and is on top of the heap for the first week. At the rate Pierce is going he will be a serious contender for topnotch honors throughout the season. Mobley made a poor showing in his work the past week, being clear off form and his top mark suffered a bad jolt. Fouyer rolled two excellent games and is bringing up his average in nice shape. There are but three absentees for the week's play which is th ebest week of the winter so far in that regard.

This week sees the Kopp and Richards team lined up with three points each and one of them is sure to drop out of the top row. The Nickless and Goyne outfits have a chance to climb up a few notches when they take on the Schemer and Celio leaders.

The Nugget Indoor Sport page introduces a new wrinkle this week in giving the strikes and spares made by each bowler throughout the season. Owing to the fast that the sheets in the first round were not kept it was not possible to do this but the committee is cooperating this round in preserving these statistics and they will be valuable to check over in comparing the worth of the various bowlers. Jackson leads in strikes with 10 with Pierce in second place with 9. Hegarty, Curnow, Kopp and Bigelow are tied with 8 each, while Fortier, D. Richards and Leiter grabbed off 7.

Pierce with 17 spares showed the most consistent work with his second shot by a close margin, gathering an average of near 6 a game. Fouyer was second with 16 but his strike total was low. Lobdell showed good work with 14 spares colsely followed by Penrose with 13. Mussolini Durbin put in 12 good second shots as did Curnow, Percy Carr, Scheemer and Leiter.

The longest string of strikes for the week was garnered by Hegarty with 5 of the pin spillers, while Bigelow annexed four of them. Turkeys were made by Tamblyn and Walling while doubles were turned in by Mobley, Leiter, Tamblyn, Fouyer, D. Richards, Hoge, Nickless, Curnow, Fortier and Breese. The leaders in the doubles class were Jackson with three of them. Kopp with two and Pierce with two.

Schedule This Week

Kopp vs. Richards—Monday.
Nickless vs. Scheemer—Tuesday.
Celio vs. Goyne—Wednesday.

EDITORIAL

A civics club, under the direction of Mr. Kjorlie, has been organized by the freshmen. The civics club consists of two sections whose presidents are Meta DeWitt and John Doctor.

There has been a committee appointed from the two sections to raise and lower the flag each day. As soon as they have finances enough they are going to purchase a new flag, which we surely need.

At the next basket-ball game, they are planning on having a candy sale. They also are going to sell some at school during noon hours.

On January 28 or 29 a theatre party will be held.

The high school feels very proud of its freshmen, who are showing such an interest in school activities and who are functioning so successfully in the civic's club.

FRESHMAN DUES

We want a party! Four more freshmen must pay before we can have it. We want to start planning, but how can we if you won't pay your dues. When will you pay?

The freshmen are first in line to have their party. If we don't get busy soon the parties of the other classes will be delayed. Let's wake up and get some pep to get us started. Please won't you pay right away and let's have our party?

ASSOCIATION MEETING

A meeting of the Girls' Association was called Friday, January 11, for the purpose of adopting a constitution and making plans for a party.

The constitution was read and adopted by those present. Plans were then made for a "stag" party which was held Friday night, January 18.

Up to this time the Girl's Association has not been doing a great deal, but now the girls are going to get right down to work and show what they are capable of doing.

GIRLS HAVE PARTY

The Girls' Association had a party at the high school last Friday night. Dancing was enjoyed by all who attended. Later in the evening refreshments were served. A number of the girls put on stunts. As there were no boys present half of the girls dressed as boys.

JOKES

Dot Tamblyn—"I want to buy some lard?"
some lard."
Clerk—"Pail?"
Dot—"I didn't know that it came in two shades".

George—"There was a big explosion in town today."
Daughter—"What was it?"
George—"The wind blew up Broad Street".

BASKETBALL GAMES

The "A" and "B" teams were downcast after they were defeated in Roseville, but they are more determined than ever to show that they can win. They will have a chance to show if they are really good, next Friday night, January 25, when they will meet Placerville Union High at Auburn. They have been defeated once already by these teams, but they have improved a great deal since then, and there is every promise that it will be a good game.

C TEAM TO PLAY

The "C" team will try to redeem Nevada City's reputation at Roseville by gaining a victory over the Roseville "C" team Wednesday, January 23. This is the "C" team's first game with a high school team.

STAFF ANNOUNCED

The staff for the next two weeks is as follows: editor, Helen Chapman, senior reporter, Miriam Sawyer; junior reporter, Vivian Cerro; sophomore reporter, Harriet Bleakley; feshman reporter, Barbara McMinn.

EXAMINATIONS

At last the students' dreams are to come true. Next week the fnials will take place. For four long months the boys and girls have waited anxiously for this long hoped for week. Only the students themselves know what a great pleasure the examinations are. They give the pupils an excuse for doing studying that they would not otherwise be able to do. They give the pupils a chance to display their great knowledge to the dismay of of the teachers. No wonder they look forward to the examinations with anticipation.

TEACHERS VISIT

The Board of Education has granted teachers a visiting day, at which time teachers will visit schools and have the opportunity to compare our work with that of other schools. In this way they bring back new ideas which will be a great advantage to our school.

REHEARSE PAGEANT

The pageant "A Night In Dreamland" which Mr. Wellington is coaching in Grass Valley is progressing rapidly. A number of girls and boys from both high and grammar schools are in the cast. Practices are held every night from 7:30 to 10:00 P. M. Every evening something new is learned. By Monday the whole cast will be completed and everyone will know what he is to do and when to do it.

Spectators have been present every evening, but it was announced last Wednesday evening that after tonight no spectators will be allowed to be present at rehearsals.

Application No. 5984
NOTICE OF APPLICATION TO APPROPRIATE WATER

NOTICE IS HEREBY GIVEN, That Bart Sweeney, Cf. J. F. O'Connor, County Surveyor, Grass Valley, Calif., has under the date of July 17, 1928, applied to the Division of Water Rights, Department of Public Works, State of California, for a permit to appropriate **unappropriated** water, subject to existing rights.

Descripton of Project

Water to be appropriated from Logan Canyon, tributary to South Yuba River, County of Nevada.

Amount applied for: 10 cubic feet per second.

Diversion season named: Jan. 1 to Dec. 31 of each season.

Water to be used for mining purposes.

Point of diversion within NE¼ of NE¼ of Sec. 4, T. 17 N., R. 10 E., M. D. M.

Place of use described: within SE¼ of SE¼ of Sec. 4, T. 17 N., R. 10 E., M. D. M.

Water to be returned to Logan Canyon within SE¼ of SE¼ of said Sec. 4.

Relative to Protests

Blanks upon which to submit protests will be supplied free by the Division of Water Rights upon request.

Any person desiring to protest against the granting of such permit shall within 60 days from date hereof, file with the Division of Water Rights, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the application and shall contain the following information:

(1) Statement of the injury which would result from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of such land or place of use and of the point of diversion of th ewater.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

Dated: Sacramento, California, January 11, 1929.

TRY THIS AWHILE

We should like to suggest that if Milton and Sis would just act natural in their parts in "A Night In Dreamland" they would act the part to perfection.

Bob—"I wonder whom Melba will be going with next?"

Bill—"Oh, I don't know! I suppose she will start over again. She's nearly made the rounds".

The following letter, which was written to Santa Claus, was lost and has just been found:

Dear Santa,

Please bring me an engine, a sled, a basketball, many games, and a pony and cart. Please remember, Santa, that God loves a cheerful giver.

Signed,
Ray Feagan.

Gladys—"Do you like cabbage?"

Fay—"No, I don't, and I am glad I don't like it, because if I did I should eat it, and I hate the stuff".

ORDINANCE NO. 206

AN ORDINANCE PROVIDING FOR THE LAYING, CONSTRUCTION, RECONSTRUCTION AND REPAIR OF SIDEWALKS IN THE CITY OF NEVADA.

The Council of the City of Nevada does ordain as follows:

SECTION 1. Public necessity and convenience and the safety and protection of pedestrians require the laying, construction, reconstruction and repair of many of the sidewalks bordering on the public streets of the City of Nevada. That it would be impracticable and unreasonably expensive through its city council, to enact an ordinance applicable to each individual case or instance where such laying, construction, reconstruction or repair of such sidewalk is necessary or proper, and therefore this general ordinance is enacted, applicable to the entire city, providing for the laying, construction, reconstruction and repair of sidewalks therein.

SECTION 2. Wherever, in its judgment, the city council deems it necessary ,proper or convenient that the sidewalk adjoining any lot or block, or any portion of any lot or block of land within the city, and which borders on any of the public streets, is in need of laying, construction, reconstruction or repair, such council may by resolution, entered upon its minutes, declare such to be the fact, and may order the laying, construction, reconstruction or repair of such sidewalk to be done by, and at the expense of, the owner of the land and premises to which such sidewalk adjoins or abuts. Such order shall specify the length and width of such proposed sidewalk, the material of which the same shall be constructed, and such other specifications as will enable the owner of the premises, in front of which said sidewalk is proposed to be constructed, reconstructed or repaired, to know the requirements of the order. Such order shall also prescribe the time within which the construction, reconstruction or repair of such sidewalk shall be completed. Such work, where performed by the owner of the adjoining premises, shall be done under the supervision of the city marshal of this city. A copy of such resolution and order, signed by the city clerk, shall, within five days of the making of same, be served by the city marshal upon the owner, agent or occupant of the premises to which such proposed sidewalk adjoins, and another copy posted upon such premises.

SECTION 3. If, within the time fixed under section 2 of this ordinance, or such further time as may be granted by the city council, the owner of the premises to which such proposed sidewalk adjoins shall neglect or refuse to complete the construction, reconstruction or repair of such proposed sidewalk, the city of Nevada, under the supervision of its marshal, shall cause such construction, reconstruction or repairs to be done, and shall furnish all labor and materials necessary for completion of said work. The city of Nevada, upon the completion of said work, shall have, and there is hereby granted to it, a lien upon the premises to which such sidewalk adjoins, for the amount of money expended by it for the labor and materials so furnished, and may, within thirty days after the completion of said sidewalk, file its said claim of lien in the office of the recorder of the county of Nevada, state of California, and, at any time within ninety days from date of such filing, may commence and maintain in the court of competent jurisdiction an action for the foreclosure of such lien.

The provisions of chapter 1 and 11 of title 1V of the code of civil procedure of the state of California, relative to enforcement of liens of mechanics and others, in so far as they can be made to apply to this ordinance, are hereby made applicable to the filing and foreclosure of liens under this ordinance.

SECTION. 4. Without resorting to the procedure of filing and foreclosing a lien, as provided for in section 3 of this ordinance, the city of Nevada shall have, and there is herbey granted to it, a right of action in a suit at law against the owner of the premises which adjoins any sidewalk constructed, reconstructed or repaired by it under the provisions of said section 2, for all moneys expended by it for labor, materials and supplies furnished by it in the performance of said work.

SECTION 5. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 6. The city clerk shall attest the passage of this ordinance and cause the same to be published in The Nevada City Nugget.

The foregoing ordinance was enacted by the council of the city of Nevada, at a regular meeting thereof, held this 17th day of January, 1929, and was passed by the following vote:

Aye—Trustees, Seaman, Murchie, Bennetts, Holmes.
Nay— None.
Absent—Trustee, Armstrong.

A. M. HOLMES,
President of the Board of Trustees (City Council), and Mayor of the City of Nevada.

Attest: Geo. H. Calanan,
City Clerk.
Dated, Jan. 17, 1929.
Date of Publication, Jan. 21, 1929.

Mr. and Mrs. J. E. Gooding and children motored to Sacramento during the week. He attended a meeting of the managers of the Pacific Telephone and Telegraph company executives.

LAUREL PARLOR INSTALLS ITS OFFICERS

The officers of Laurel Parlor No. 6, N. D. G. W. for the ensuing term were installed Wednesday evening by Miss Annie Conlin of Grass Valley as District Deputy Grand President at their lodge rooms in the Odd Fellows Building. The personnel of the Parlor's officers for the next six months is as follows:

Leonore E. Steger, President; Lydia Gleason, First Vice-President; Adeline O'Connor, Second Vice-Presiident; Mathilde Schmidt, Third Vice President, Mrs. Antha Locklin, Past Persident; Nellie Clark, Recordng Secretary; Mamie Parsons, Financial Secretary; Annie Darke, Treasurer; Jennie Shearer, Marshal; Frances Eilerman, Organist; Annie Hooper, Inside Sentinel; Edna Maguire, Outside Sentinel; Katherine Williamson, Virginia O'Neill, Helena Calanan, Board of Trustees.

The new set of officers exemplified the work of the order for the District Deputy Grand President and elicited considerable praise from the grand officer for the efficient and thorough preparation for their duties.

A pleasing feature of the evening was the presentation to Antha Locklin, the retiring President of Laurel Parlor, of a beautiful nugget broach. The gift was presented to their new Past Persident on behalf of the Parlor by Mrs. Annie Godfrey in a few well-chosen remarks which conveyed the sincere esteem of her lodge sisters to Mrs. Locklin.

Bouquets of flowers were presented by Laurel Parlor to the following honored members of the Native Daughters of the Golden West as follows: To Past Grand President and Supervising District Deputy Grand President Watt by Mrs. Adeline O'Connor to District Deputy Grand Persident Annie Conlin by Lydia Gleason; to District Deputy Grand President Catherine Fortier by Mathilde Schmidt.

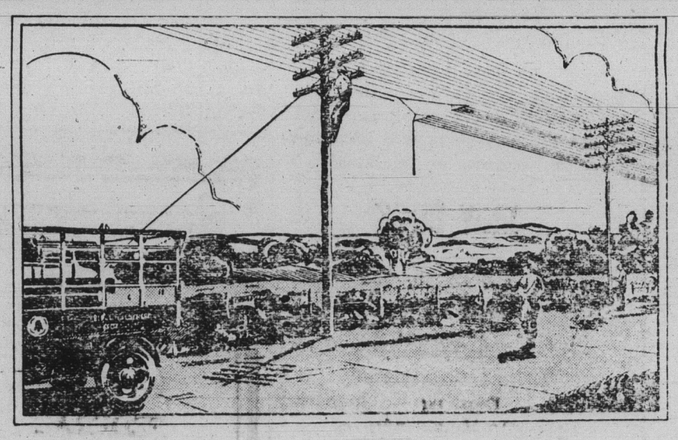
A large delegation from Manzanita Parlor of Grass Valley, headed by their President, Bertha Fuller, accompanied District Deputy Conlin to the meeting.

Following the lodge ceremonies, the members of the local Parlor and their guests, adjourned to the banquet room where, over the festive board, matters of interest to the order and plans for the future were discussed. The meeting broke up at a late hour after having been voted on eof the most successful in the annals of the local Parlor.

Mr. and Mrs. C. O. Brown have as a guest, her father, W. E. Johnston, former florist of Nevada City.

Chris Hansen, miner of the Graniteville district was a visitor here Friday.

Mr. and Mrs. E. J. Bradbury returned from Oakland Sunday enroute to their home at Alleghany. They have been visiting their daughter and husband, Mr. and Mrs. L. L. Myers. Mr. and Mrs. Myers came as far as Nevada City with them.



The U. S. A. is only a few minutes wide

THE Bell System is ever busy reducing the width of America and the distance between cities. For example, in the last five years 350 major improvements, as well as thousands of others whose aggregate importance mounts high, have been made in telephone central office equipment.

Improved operating practices have eliminated the necessity of your "hanging up" and being called back in 95 per cent of toll and long distance calls, adding new speed and ease to out of town calling. You hold the wire and the operator does the rest.

Since New Year's Day, 1927, the average time for completing all out of town calls has been cut 35 per cent and at the same time the per cent of error has been further materially reduced.

There is no standing still in the Bell System. Better and better telephone service at the lowest cost is the goal. Present improvements constantly going into effect are but the foundation for the future's greater service.
